To Whom It May Concern

**Subject: To MAGA and MAHA join civil class action against notorious corrupt judge Merchan, NYC**

My Fellow American,

We, The People of the USA, gave a massive mandate to President Trump to MAGA and MAHA, to create a better future for our children. We are at the verge of an exciting new golden era. To turn this opportunity into reality, President Trump needs our support. He has assembled a great team, but he is not a superman. Remember, it is the Vote, not the Seat, which matters in the U.S. Congress. In the 119th Congress votes of DNC+RINO will be dominant. President Trump needs our CONTINUING support to cleanse this country from corruption. With incoming administration, including US AG Pam Bondi, FBI director Kash Patel, border tsar Tom Homan, RFK Jr, Elon Musk, Vivek Ramaswamy, Tulsi Gabbard, Kristi Noem et al, our efforts will be efficient.

It is time to restore the rule of law in America. To ensure a better future for our children, we have to fight with Trump at our grassroots level. What can we do? In fact, we can do a lot. We can and should cleanse the American judiciary from corrupt judges and coyote lawyers; just one at a time.

Join the civil class action case No. 5:24-cv-00514-FL against notorious corrupt judge Merchan, NYC. Join it in the capacity of Plaintiff. Formally, this civil action seeks compensation for damages ~\$2.2 M. But its goal is much larger - to cleanse the entire U.S. judiciary from banana-republic corruption and restore the rule of law in this country.

Please find attached the first page of the complaint. The full complaint, the summons, proof of service by NYC Sheriff, and other documents are available for downloading from the Google drive:

On Sep 06, 2024, I filed this civil action to The U.S. District Court for Eastern District of North Carolina. During 3 months corrupt judge Merchan sabotaged the service of summons upon him. Three private investigators failed to serve. On 12-17-2024, however, the NYC Sheriff successfully served the summons. Now, this civil action is fully functional. I plan to publish it at a crowdfunding platform, circulate in social networks, and seek representation by a professional attorney. I will post key documents at my business website: [www.tirf-labs.com/maga-maha](http://www.tirf-labs.com/maga-maha) .

There is a broad range for your role - from passive joining as a class of Plaintiffs - to dynamic involvement into all stages: amended actions, circulation, planning, discoveries and investigation. NYC District Attorney, Mr. Alvin Bragg, should be added to the list of Defendants. We envision that incoming US Attorney General Pam Bondi, FBI Director Kash Patel, and their deputies will investigate the crimes committed by corrupt judges and ensure that our civil actions proceed efficiently. Most American judges are fair and patriotic. We count on their swift, efficient and fair rulings. To overcome resistance of corrupt judges, we are committed to involve the U.S. Court of Appeals as well as The U.S. Supreme Court, if necessary.

We, The People of the USA, believe that we have deserved the opportunity to live in a new golden era based on the rule of law in America. To turn this opportunity into reality, we will fight alone with President Trump to MAGA for a better future of our children. Join our enthusiastic team.

With highest regards,

**SUMMARY**

We, the class of Plaintiffs, The People of the United States, driven by patriotic commitments to preserving national unity and preventing civil war, initiate this civil action against anti-American crimes of Defendants - corrupted judge Juan M. Merchan, and Joe Doe - unidentified yet Defendant. Plaintiffs bring this extraordinary civil action with their compassionate spirit of safeguarding ALL Americans, regardless of their political preferences, race, or religion. Plaintiffs seek court orders so that Ms. Kamala Harris, Mr. Donald Trump, Mr. Robert F. Kennedy Jr. and other candidates can equally participate in the 2024 presidential campaign, free from crimes limiting their capability of campaigning. The criminal interference with Trump's campaign, committed by the organized criminal group of Defendants, has injured class of Plaintiffs, damaged US national CBRNE security and imposed the imminent risks of death and injuries onto hundreds millions of Americans.

These crimes are driven by the ~6-fold excess of lawyers, which resulted in the army of coyote-lawyers and corrupted judges in the USA. They are responsible for ~26 million of illegal aliens and ~\$360 Billion criminal industry. Defendant Merchan and his gang of coyote lawyers and jurists is a disgrace to lawyers' community and a catastrophe for the USA. Plaintiffs seek the attention of jurists of integrity, who uphold the rule of law. Plaintiffs petition for an order, which will deter Defendants from RICO and other felony crimes. Plaintiffs seek assistance of FBI-DOJ investigators and competent lawyers of integrity.

Plaintiff, Dr. Alexander Asanov, is a scientist, a naturalized U.S. citizen. Dr. Asanov has achieved the American dream, created 150+ high-tech jobs, contributed into prosperity and security of all Americans. Dr. Asanov brings this action against the organized criminal group, which injured him and exposed his family to numerous crimes. Dr. Asanov and his children survived several attempted-murders that were the results of crimes committed by Defendants. Their crimes were caused by the degradation of significant portions of judiciary driven by the 6-fold excess of lawyers. Despite the presence of numerous honest judges and lawyers, corrupted judges and coyote lawyers created a nation-wide gang, which abuses the USA lawfare for their RICO crimes and other criminal goals.

Jurisdiction: This civil action originated from a federal question and belongs to federal subject matter jurisdiction because of RICO crimes, damages to the US National Chemical, Biological, Radiological, Nuclear, and Explosive (CBRNE) Security, devastating millions of US citizens, imposing the imminent risk of injuries and death onto the entire American nation. Judges are not immune from prosecution and civil responsibility for felony crimes. The felonies committed by corrupted judge Merchan have inflicted damages to US national CBRNE security, devastated millions of Americans, imposed the risks of death and injuries onto the entire nation. The crimes have injured Plaintiffs and inflicted significant damages to their current and future incomes. This Court has diversity jurisdiction, because the conflict involves citizens of different states: Plaintiff, Alexander Asanov, is a citizen of the state of North Carolina, Defendant Merchan, is a resident of the state of New York.
