PRELIMINARY BRIEF

Defendants-criminals committed many of their crimes under the color of justice – the most vicious, extremely anti-social, anti-American treason crimes that put the US nation into the current crisis, where justice system is severely broken and partially serves to criminals, recidivist-murderers, and illegal-aliens, rather than to law-abiding U.S. citizens. The criminal gang includes recidivist-murders illegal-aliens Defendants Olga Petrova-Asanov, Olena Kravets, coyote-lawyers Belinda Sukeena, Tanya Plekan, and corrupt North Carolina State judges, including Judges Julie Bell and Brian Ratledge. Their crimes are a part of criminal industry of Kids-for-Cash and RICO crimes that led this country to terminal phase of the

cliodynamic cycle [www.PeterTurchin.com]. Frequently in history the terminal phase resulted in civil wars and violent riots; seldom peaceful resolution was possible. On November 5, 2024, we, The People of the U.S., gave to The President Trump massive mandate to rectify this crisis and drain the swamp of Deep State corruption peacefully. President Trump must perform well-controlled demolition of the corruption in Deep State swamp. Massive eradication of corrupt cohorts of Deep State elites is absolutely necessary. In the case of judiciary, it must be performed by the cohort of honest judges and lawyers.

Out of ~34,000 judges in the U.S. there are estimated ~5,000 of corrupt judges, who committed felony crimes, but remain at the bench in judge's robes, instead of prison uniforms [www.reuters.com/investigates/special-report/usa-judges-misconduct]. Out of ~1,400,000 USA lawyers there is an army of ~80,000 coyote-lawyers. Together with corrupt judges they serve to ~26 millions of illegal-alien who drive the ~\$380 Billion industry of crimes. We, The People, gave massive mandate to The President Trump to exterminate this corruption and to deport illegal-alien. In the near future America must see tens of thousands of criminal and civil actions against corrupt judges and coyote-lawyers. This civil action is just one of them.

This civil action and this appeal against pro-criminal judgement pursue several goals. One of them is the exterminating of judicial corruption in NC State and U.S. Federal courts, one case at a time.

Overwhelming body of rock-solid evidence

Dr. Asanov and 5 (five) of his children survived several counts of attempted-murder crimes and numerous other crimes committed against them in Kids-for-Cash-NC and RICO criminal schemes. Dr. Asanov is in contact with 18 (eighteen) similarly situated victims of the Kids-for-Cash-NC and RICO crimes in Wake County, NC. There are estimated **TENS OF THOUSANDS** of similarly situated victims of the Kids-for-Cash-NC and RICO crimes in North Carolina.

There are thousands of pages of documents in Wake County courts and court records that contain overwhelming body of evidence about the crimes under consideration. Preliminary FBI investigation performed by Honorable FBI agent AJ Maurer contains rock-solid evidence about the crimes committed by Defendants-criminals. Before his cancer surgery, FBI agent Maurer warned that the Defendants-criminals contemplate a new wave of their crimes to plunder, steal \$400,000 of Dr. Asanov's post-marital assets, and in meantime attempt to destroy court records, and commit other misconducts to cover their crimes.

On behalf of tens thousands of similarly situated victims of Kids-for-Cash-NC crimes Dr. Asanov urges U.S. Attorney General Pamela Bondi, FBI Director Kash Patel, and U.S. Border Czar Thomas Homan to investigate their crimes, arrest and deport recidivist-murderers, illegal-alien Olena Kravets and Olga Petrova-Asanov without delay. They were heavy burdens to their native Russia and Ukraine, committed crimes to invade to the U.S. illegally, and became unbearable burden to American nation. Both of them are suffering from severe mental disorders and are extremely dangerous to society, including their own children.

Dr. Asanov urges the government officers to investigate their crimes and arrest the entire organized criminal group of Defendants-criminals, including criminally misconducting judges. Judges are not immune from criminal prosecution and civil responsibility for their felony crimes committed under the color of justice. Their crimes damaged U.S. National CBRNE Security and imposed the imminent risks of death and injuries onto hundreds millions of Americans. Dr. Asanov is an internationally recognized expert in the area of CBRNE security. He professionally testifies: severe damage to U.S. National CBRNE Security has been done by the recidivist-murderers illegal alien Olena Kravets, Olga Petrova-Asanov, coyote lawyers Plekan and Sukeena, and corrupt judges Bell and Ratledge.

Petition to Appoint an Appellate-counsel-attorney and an Interpreter

"Pro Se" status of this civil action is the main reason for the pro-criminal judgment and the anti-American treason committed in this US federal court for ED NC. Dr. Asanov petitions the U.S. Court of Appeals for 4th Circuit to appoint an appellate-counsel-attorney and an interpreter. Dr. Asanov is 100% certain that the main reason for the fact that judges of the Federal district court for Eastern North Carolina

committed crimes of covering crimes of their corrupt comrades, the main reason originates from the “Pro Se” status of this action, from the fact that Dr. Asanov represents himself in this action. Dr. Asanov pays taxes to fill salaries of the judicial and law-enforcement officers. Dr. Asanov believes that he is entitled to be protected against the crimes by the government. Corrupt judges committed crimes at the bench under the color of justice and received government representation by numerous counsels to defend their criminal deeds in this civil class action. These representations were paid by Dr. Asanov and other taxpayers’ money.

Dr. Asanov, whose professional service in the area of National CBRNE Security is of paramount importance for security of Americans, requests that the U.S. Court of Appeals appoints an appellate-counsel-attorney and an interpreter to process this appeal. The closed-club culture of the community of lawyers, which is described by the insider, Honorable John F. Molloy, resulted in gradual degradation of the American justice down to the point, where large cohort of corrupt judges and coyote-lawyers serve to illegal-aliens and other criminals and control overall culture in this country. Moreover, the cohort of corrupt judges awards the criminals for their crimes.

Remarkably, judges of Integrity, despite of their numerical majority in the lawyers community, are truly independent and do not make the culture of corruption in judiciary. They cooperate with the law and judicial standards, while corrupt judges closely conspire with each other and their corrupt comrades, which results in a cancer tumor of corruption – relatively small size of the tumor kills the entire organism. Small cohort of corrupt judges destroys the common sense of justice, destroys public trust in judiciary.

Results of FBI investigation and judgements made by NC State Judges of Integrity

The Honorable FBI agent AJ Maurer performed preliminary investigation of the crimes and partially stopped a fraction of the Kids-for-Cash-NC and RICO crimes. Before he underwent cancer surgery, FBI agent Maurer warned Dr. Asanov that the same gang of organized criminals contemplates to commit new wave of their crimes against Dr. Asanov, abusing their conspiracy with other corrupt judges and officers of NC judicial system. Agent Maurer warned that Cary police serve to Kids-for-Cash criminals and will not protect Dr. Asanov from their crimes. Respective documents about findings of the FBI agent Maurer are available in Wake county court documents and FBI files.

Independent Impartial Judgements of Four (4) NC-state Judges of Integrity

Four (4) NC-state judges of Integrity, including Judges Dunston, Davidian, Linardy, and Meyer stopped part of the crimes and did not cooperate with criminally misconducting traitor-judges and coyote-lawyers – Defendants-criminals. Operating under the conflict of interest, covering the crimes committed by his comrades Defendants-criminals, Federal Judge Myers committed numerous violations of judicial standards, knowingly and willingly committed Tunnel-Vison corruption misconduct and turned his blind eye towards the overwhelming evidence of the results of preliminary FBI investigation and impartial ruling of four (4) Judges of Integrity. Judge Myers committed anti-American treason to reward his comrades Defendants-criminals for their crimes that imposed existential threat onto hundreds millions of Americans. On February 12, 2025, Judge Myers entered the anti-American treason - pro-criminal judgment, which awarded the Defendants-criminals for their crimes at the expense of their victims – law-abiding U.S. citizens from the core of American society. This pro-criminal judgement imposed existential threat onto hundreds millions of Americans.

NOTICE OF APPEAL

On behalf of The People of the USA, other Plaintiffs and himself, Dr. Asanov submits this **NOTICE OF APPEAL** to the United States Court of Appeals for the 4th Circuit from the final pro-criminal judgment entered in The United States District Court for the Eastern District of North Carolina on February 12, 2025.

Embedded into this Notice of Appeal are the Preliminary Brief and Emergency Petitions addressed to US DOJ, FBI, and DHS ICE for pre-trial injunctions, arrests of the criminals, arrest of their bank accounts, arrest of the plundered, stolen \$400,000 funds of Dr. Asanov, petition for special FBI investigation of the

existential anti-American crimes, petition to appoint a counsel-appellate-attorney and an interpreter, the petitions to impose victim/witness protection program and to return guns seized illegally.

Dr. Asanov hotly and strongly protests against the pro-criminal judgement [DE83]. Operating under the conflict of interest, Judge Myers committed the anti-American treason, committed numerous violations of judicial standards, demonstrated criminal incompetence and negligence, exhibited belligerent ignorance, disregarded judicial standards, and disrespected laws stipulated in The Code of Laws of the United States of America.

Dr. Asanov requests the Court of Appeals to consolidate numerous parts of the same line of crimes into a single consolidated file and case. Dr. Asanov consulted with the top-notch jurists and all of them stated that the numerous parts of these crimes that were intentionally disintegrated by the Defendants-criminals must be consolidated into one, single proceeding, because all of them originate from exactly the same circumstances. To cover crimes of their corrupt comrades the Defendants-criminals and their co-conspirators artificially disintegrated their crimes into numerous cases so that it will be too difficult if not impossible to be handled by a reasonable judicial team.

Dr. Asanov requests **ORAL ARGUMENT** on his Appeal and on emergency petitions for pre-trial injunctions, specifically on arrests of mentally sick recidivist-murderers, arrests to their bank accounts and application of victim/witness protection programs onto Dr. Asanov and his family members.

In support of his Notice of Appeal and Preliminary Brief Dr. Asanov states the following:

1. Operating under the conflict of interest, having common financial interest with Defendants-criminals Plekan, Sukeena, Bell, Young, and Ratledge, belonging to the same closed-club professional group of lawyers, U.S. federal Judge Myers failed to override his nutritional instinct, failed to override corporate animosity against unrepresented litigants, and committed numerous violations of judicial standards and felony violations of the Code of Laws of the United States of America.

2. Dr. Asanov introduces here by reference in its entirety the evidence provided by the prominent insider of the American judicial system – Honorable Judge John F Molloy, the author of Miranda memorandum. In his manuscript *"The Fraternity: Lawyers and Judges are in Collusion"* ISBN-10 : 1557788413, John Molloy shows that due to the organic conflict of interest, judges and lawyers routinely collude with each other against unrepresented litigants driven by their nutritional instincts, because their personal incomes depend on each other, while an unrepresented litigant does not enrich them. In the U.S. such dependence is considered as a conflict of interest. It requires uncompromised moral standards and superior intellectual capabilities of judges and lawyers to override nutritional instinct to rule impartially in accordance with law and Constitution, rather than in illegal interest of their comrades from the closed-club community of lawyers. In 2004 Honorable John Molly foresaw gradual degradation of US justice system down to very low level to "...make legal services ever more necessary—and more lucrative for the Fraternity..." [nowadays – rather Sorority]. By 2024 his prediction came true into the reality. In 2024 the entire world witnessed disgraceful degradation of U.S. justice system to a lawfare in bloody hands of criminals.

3. On Jan 15, 2025, the Honorable U.S. Attorney General, Pamela Bondi, stated at the Senate confirmation hearing: "... *two-thirds of Americans have lost faith in the Department of Justice, and ...I believe, people continue to lose faith.*" NC data show that ~90% do not trust American judicial system anymore.

4. Operating under the conflict of interest, Judge Myers failed to override his nutritional instinct and committed numerous counts of crimes, including anti-American treason, criminal negligence and incompetence, Stalin-Beria falsifications, exploitation of Tunnel-vision corruption schemes, knowingly and willingly committed crimes of anti-American treason, at the expense of U.S. National CBRNE Security. These crimes along with pro-criminal ruling of Judge Myers imposed existential threat onto millions of Americans.

Dr. Asanov embedded into this Notice of Appeal his petitions for pre-trial injunctions, arrests of the criminals, special FBI investigations of the existential anti-American crimes, appointing a counsel-attorney and an interpreter, the petitions to impose victim/witness protection program and to return guns seized illegally. Dr. Asanov addresses some of these petitions to U.S. Attorney General Pamela Bondi, FBI Director

Criminal Ignoring of the Results of Preliminary FBI Investigation

5. Operating under the conflict of interest, Judge Myers failed to override his nutritional instinct and committed corruption misconduct of intentional overlooking, intentional turning his blind eye towards the results of preliminary FBI investigation. The results of preliminary FBI investigation have been partially accumulated in court files of the Wake County courts. Partially these results have been entered into FBI files.
6. As mentioned before, the FBI agent AJ Maurer performed preliminary investigation of the crimes and partially stopped a fraction of the Kids-for-Cash-NC and RICO crimes.
7. Before he underwent cancer surgery, FBI agent Maurer warned Dr. Asanov that the same gang of organized criminals contemplated to commit a new wave of their crimes, abusing their conspiracy with other corrupt Judges and officers of NC judicial system.
8. FBI agent Maurer also warned that Cary police serve to Kids-for-Cash criminals and will not protect Dr. Asanov from crimes. Indeed, Cary and Apex police served to recidivist-murderers illegal aliens Olga Petrova-Asanov and Olena Kravets and did not protect the children-Plaintiffs and Dr. Asanov from repeated attempts to murder by the recidivist-murderers Olena Kravets and Olga Petrova-Asanov.
9. Defendant Olga Petrova-Asanov suffers from alcoholism degradation. Hundreds of citizens witnessed her drunk collapses in public, her urination into her pants in public, her extremely anti-social sexual misconduct in public. Behind closed doors Olga is extremely violent. Several times she attempted to murder Dr. Asanov and her unwanted younger son, Nicolas Asanov.
10. Defendant Olena Kravets suffers from traumatic brain injury after a motorcycle accident. Additionally, in 2019-2020 Olena contracted cancer tumor in her brain, which caused her sporadic bursts of violent aggression, including attempts to murder Dr. Asanov. Both Olga and Olena are extremely dangerous to society, including their own children, and must be isolated from society without delay.
11. It was professional duty and civil obligation of coyote-lawyers Sukeena and Plekan to facilitate mental health evaluation (MHE) and respective treatment to Olga Petrova-Asanov and Olena Kravets. Instead, the Defendants Plekan and Sukeena chose to commit crimes of looting the sick women and exploit them as a crime-weapon in their bloody hands for their pathological criminal goals to enrich themselves.

Criminal Disregarding of Fair Independent Judgements of Four NC Judges of Integrity

12. As mentioned, four NC-state Judges of Integrity, including Judges Dunston, Davidian, Linardy, and Meyer stopped part of the crimes and did not cooperate with criminally misconducting traitor-Judges and coyote-lawyers.
13. Fair, independent Judgements of these four NC Judges of Integrity are well documented in the Wake County courts files. Dr. Asanov intensively and extensively referred to Wake County courts files.
14. Operating under the conflict of interest, covering the crimes committed by his comrades Defendants-criminals, federal Judge Myers knowingly and willingly exploited Tunnel-Vison corruption scheme and turned his blind eye towards the overwhelming body of evidence of the impartial ruling of Judges of Integrity.
15. Operating under the conflict of interest, covering the crimes committed by his comrades Defendants-criminals, federal Judge Myers knowingly and willingly violated the most fundamental judicial standard – give the full faith, treat as true all accusations submitted by plaintiff. Instead, Judge Myers knowingly and willingly violated the most fundamental judicial standard – he gave the full faith and trust to the Defendants-criminals with blood on their hands, because his comrades belong to the same group of lawyers.
16. Judge Myers committed anti-American treason to reward his comrades Defendants-criminals for their crimes that imposed EXISTENTIAL threat onto hundreds millions of Americans. On February 12, 2025, Judge Myers entered the anti-American pro-criminal judgment, which awarded the Defendants-criminals for their crimes at the expense of their victims – law-abiding citizens from the core of American society.
17. Dr. Asanov requests **ORAL ARGUMENT** to convey to Court of Appeals more evidence about the crimes and against the pro-criminal Judgement entered by Judge Myers on February 12, 2025.

18. Under given extraordinary circumstances of the ongoing crisis of legitimacy in the North Carolina state courts, under the circumstances of the dysfunction of the Defendant-FBI, under the circumstances of malicious prosecution, abuse and exploitation of the NC legal system by the Defendants-criminals as their crime-weapons for RICO and other felony crimes, under the circumstances of conflict of interest between Judges of this federal Court and the Defendants-criminals, lawyers and Judges, Dr. Asanov embeds into his NOTICE OF APPEAL the following emergency petitions:

Emergency petition to U.S. Attorney General Pamela Bondi and FBI Director Kash Patel to consolidate, investigate and stop Kids-for-Cash-NC, RICO, and all other crimes committed by the organized criminal group that damaged U.S. National CBRNE Security.

Emergency Petition to arrest and imprison the entire organized criminal gang, including the illegal-aliens, recidivist-murderers, Defendants Kravets and Petrova-Asanov, coyote-lawyers Plekan, Sukeena, Richardson, and anti-American traitors, corrupt Judges Bell and Ratledge.

Dr. Asanov petitions to investigate crimes committed by federal Judges Swank and Myers.

19. Dr. Asanov petitions to investigate crimes committed by Magistrate Judge Swank and Chief Judge Myers.

20. Dr. Asanov hereby petitions U.S. Attorney General Pamela Bondi and FBI Director Kash Patel to investigate and stop Kids-for-Cash-NC, RICO, attempted-murders and all other crimes that damaged U.S. National CBRNE Security. These crimes imposed imminent risks of death and injuries onto hundreds millions of Americans.

21. In his original complaint and subsequent documents Dr. Asanov has clearly demonstrated the facts that the attempted-murders, RICO, plundering, Kids-For-Cash, Stalin-Beria falsifications, damages to US national CBRNE security and other crimes committed by Defendants-criminals are clearly stipulated in US Federal Code. Defendants-criminals are playing foul play that they do not understand English.

22. To resolve this problem, Dr. Asanov, for the sake of judicial fairness, security of U.S. Nation, and for the sake of judicial economy, requests the Court of Appeals to appoint a counsel-appellate-attorney and a qualified interpreter to translate from English to curved language of the closed club of lawyers and vice versa.

23. Dr. Asanov reinstates here his early submitted petitions addressed to U.S. Attorney General Pamela Bondi and FBI Director Kash Patel to consolidate, investigate and stop all existential crimes that damaged U.S. national CBRNE security.

24. Dr. Asanov petitions to arrest and imprison the entire organized criminal gang, including the illegal-aliens, recidivist-murderers, Defendants Kravets and Petrova-Asanov, coyote-lawyers Plekan, Sukeena, Richardson, and anti-American traitors, corrupt Judges Bell and Ratledge.

25. This civil class action 5:24-CV-82-M-KS is a continuation of the civil action 5:23-CV-00310-M-KS, which was fraudulently dismissed upon criminal misconduct of judicial officers of the district federal court, who operated under the conflict of interest and covered crimes of their felons comrades –Defendants-criminals, including NC state corrupt Judges Bell, Young and Ratledge.

26. Both civil actions brought to daylight the existential crisis of American judicial system, which turned into a banana-republic agency, which serves to criminals at the expense of death, injures and suffering of law-abiding U.S. citizens.

27. Hundreds millions of U.S. citizens are suffering from the industry of crimes. American justice system over the last several years turned into a closed club, which serves to criminals, corrupt Judges, corrupted prosecutors and coyote lawyers.

28. While a significant part of the professional community of lawyers, the majority of it, is represented by honest judges, prosecutors and lawyers of Integrity, they operate independently and adhere to the letter and the spirit of law and Constitution. Unlike the cohort of corrupted Judges and coyote lawyers - who conspire with each other and commit crimes of covering felonies committed by their corrupted comrades.

29. As the result of their criminal conspiracy, we, the people of the USA, observe that the U.S. justice turned into a machine, which serves to criminals to reward them for their crimes.

30. We, The People of USA, lost faith in American justice. In fact, the entire world has lost faith in U.S. justice and witnessed the existential crisis in the highest echelons of U.S. establishment.

31. We, The People of USA, demand to return justice to this country. On Nov 5, 2024, we gave overwhelming mandate to the President Trump to cleanse America from banana-republic corruption.

32. This civil class action, like a droplet of water, reflects and refracts the ocean of banana-republic corruption problems in the U.S. justice system.

33. Dr. Asanov requests to consolidate ruling, finding of Judges Integrity, as well as the results of preliminary FBI investigation, into one body, one file to process the entire picture, rather than disintegrate this high-profile crimes and subsequent civil actions into absurdly small fragments.

34. To build a true and complete picture of the terrible crimes and their consequences, the unfinished FBI investigation should be resumed and performed in its entirety. Numerous cases that cover the existential crimes committed by the criminal gang should be consolidated into one single case.

35. The Defendants-criminals persistently attempt to downgrade the attempted-murders, plundering, RICO, Stalin-Beria falsifications, Kids-For-Cash crimes down to a trivial "divorce" turning their blind eyes towards existential felony crimes of the Defendants.

36. Dr. Asanov moves to consolidate all the Defendants-criminals, including the coyote lawyer, Defendant Sukeena and the anti-American traitor, corrupt Judge Defendant Ratledge, into one case. In accordance with the judicial standards, issue default Judgements against the Defendants-criminals Sukeena and Ratledge, who used profanity language to claim that the FBI is f.. garbage and this Court is in their criminal pockets.

NOTICE OF APPEAL AND REQUESTS FOR RELIEF

Based on the foregoing, Plaintiff-Appellant, Dr. Asanov, in the course of his efforts to return Justice to USA is giving this NOTICE OF APPEAL, and embeds the above document as a preliminary brief and emergency petitions that outline the evidence and describe the misconduct of judicial officers of the District U.S. Court, which resulted in entering the pro-criminal anti-American judgement [DE83] on February 12, 2025.

Dr. Asanov requests the U.S. Court of Appeals to appoint a counsel-appellate-attorney and a qualified interpreter to translate from curved language of corrupt lawyers into English and vice versa.

Dr. Asanov requests to consolidate into a single action all fragments of systematic crimes committed by the organized criminal gang of Defendants-criminals, including the Defendants Sukeena and Ratledge.

Dr. Asanov addresses part of his petitions to U.S. Attorney General Pamela Bondi and FBI Director Kash Patel to consolidate, investigate and stop the EXISTENTIAL crimes that damaged U.S. national CBRNE security.

Dr. Asanov petitions to arrest and imprison the entire organized criminal gang, including the illegal-alien, recidivist-murderers, Defendants Kravets and Petrova-Asanov, coyote-lawyers Plekan and Sukeena, and anti-American traitors, corrupt Judges Bell and Ratledge.

Dr. Asanov requests the Court of Appeals to reverse the pro-criminal Judgement.
